

# FRUITS

MOLDED FIBER PACKAGING  
FRUIT TRAYS

Food products such as fruits, require special care due to their fragility and nature in order to reach safely, to the final customer.

## SPECIFIC ADVANTAGES

- Eco-friendly: 100% recyclable.
- A way to reach final customer with biodegradable products encouraging sustainability
- A more precise manufacturing with the product and our clients needs
- Molded fiber absorb excess of humidity minimizing the risk of mold, rot and bacterial contamination.
