

EGGS

MOLDED FIBER PACKAGING

EGG CARTONS

Product presentation is very important

Molded fiber packaging helps preserve egg temperature and absorb excess of humidity.

The design provides great support, minimizing risk of breakage with a perfect fit, securing the egg till sale point.

Molded fiber products are 100% biodegradable and recyclable, to help preserve the environment.

EGGS

MOLDED FIBER PACKAGING

MAPLE VILA
a particular care
